EVANDRO OLIVEIRA

Chief Operating Officer, Private Office

For eighteen years Evandro Oliveira has been based in Dubai, working inside Private Offices, where decisions are taken quietly and mistakes are expensive. He has brought many projects to the Emirates, keeps close ties with Saudi Arabia and today his work opens onto new horizons — the Gulf, Brazil, Europe and Africa.

INSIDE A PRIVATE OFFICE

As Chief Operating Officer he leads the team that decides which proposals deserve attention: reading the market behind a project, testing its numbers and its people, and following the approved few through to execution. He also keeps commercial relationships with Private Offices in Dubai and Abu Dhabi.

THE CORRIDOR

Trade between the Arab world and Brazil: food and agribusiness, fertilisers, oil and gas, aerospace, cosmetics, furniture and leather. Facilitator for Brazil's business presence at Expo 2020 Dubai; speaker on bilateral and cross-border trade in Dubai and São Paulo.
